- IV. New Business
  - Pancake Breakfast – Co-leader needed?
    - Nick & Staci Campbell are signed up to be lead this year. Danelle to touch base with them to

figure out if this will be their last year. *(Danelle followed up with the Campbell's and they will be doing this for their PIA points every year. No need to find a co-leader)*

- Alumni Basketball Game (potential income generator)
  - Matt Syens had proposed the idea of having an Alumni game as a new fundraiser for our club. The group agreed that this idea should be tried. Cameron confirmed by text that the school gym was available on 12/26. Danelle said she'd work with Karysa on a promotion plan for the event. T-shirts will be purchased for the players. Cost to play is \$20 per person to cover the cost of the shirt. Danelle will find a vendor for the shirts. Concessions will be open so Danelle will reach out to the coaches to see if they can get players to assist with the evening. More details to come.
- Open Discussion
  - Concessions: Danelle received feedback on the concessions. The school gym does not allow open top beverages, so we will need to move towards bottles instead of cans. The popcorn machine broke 11/19. Discussed food options that are easier and more viable, as well as discussed the equipment needs of both soccer and basketball areas. Danelle will work with

Stacey on a status update. (Update: Stacey is looking into the cost for cheese cups instead of a cheese dispenser as well as a hot dog roller so pizza can be eliminated. She would also like us to consider buying a beverage cooler to replace the current refrigerator.)

V. Prayer/Adjourn (Matt Syens)
